This 3 bedroom, 1 and 1/2 bath has been meticulously cared for. Aside from the new exterior update, inside you'll be amazed with the updated kitchen, Pella windows and the centralized refrigerated air condition. All the doors have been replaced with beautiful solid pine including moldings. The yard has been passive landscaped with natural grasses for low water consumption, yet plumbed with drip irrigation and space for garden. Included is the storage shed, and hot tub to enjoy the night skies.
